Policy Statement

An academic certificate program, for the purposes of this policy document, is a prescribed set of graded, organized courses, offered for academic credit, the satisfactory completion of which entitles a student to a certificate of completion, but not a degree.

The courses taken for an academic certificate program may be used in partial fulfillment of the requirements for a degree, to the extent that is permitted by the requirements of the cognate degree program. Admission to an academic certificate program does not constitute admission to a degree program.

Approvals

Before an academic certificate program that meets this definition can be advertised or students enrolled, the program must be approved by the school's curriculum committee as outlined in the school's bylaws, the Office of the Chief Academic Officer, the Graduate Council or Council on Undergraduate Education, as appropriate, the Committee on Educational Policy, and the Academic Senate. An assessment plan must accompany every proposal request for an academic certificate program. In addition, all graduate academic certificate programs that require more than 15 semester credit hours of graded, organized courses, and all undergraduate academic certificate programs that require more than 20 hours of graded, organized courses, are subject to review and prior approval by The University of Texas System and the Texas Higher Education Coordinating Board. Certificate programs, regardless of semester credit hour length, may only be offered in areas and at levels authorized by an institution's table of programs.

Templates for academic certificates and for assessment plans can be found online on the Provost's Office Academic Forms and Templates website at: http://provost.utdallas.edu/home/academic-program-proposals.

Recognition of Certificate Completion on Student Transcripts

Undergraduate certificates: The student's transcript will reflect that the student has completed the undergraduate level academic certificate program, if the student (a) has a grade point average of at least 2.0 in the organized courses that constitute the undergraduate academic certificate program, (b) meets all academic standards as required by the school and stated in the catalog, (c) the certificate program and the courses constituting such program are listed in the catalog, and (d) the student declares to the RUO of the Program his/her intent to complete the certificate.
Graduate certificates: The student’s transcript will reflect that the student has completed the
graduate level academic certificate program, if the student (a) has a grade point average of at
least 3.0 in the organized courses that constitute the graduate academic certificate program,
(b) meets all academic standards as required by the school and stated in the catalog, (c) the
certificate program and the courses constituting such program are listed in the catalog, and (d)
the student declares to the RUO of the Program his/her intent to complete the certificate.

Closing a Certificate Program

In accordance with university procedures to be in compliance with the SACS Commission on
Colleges Substantive Change Policy, a certificate program may not be closed until UT Dallas
has received prior SACS approval of a teach-out plan. The dean of the school must submit to
the Provost’s Office a memo that includes a teach-out plan. The Provost’s Office will submit
the request to the SACS Commission on Colleges.

Reporting

At the end of every semester, for each academic certificate program, the cognizant School or
Department/Program must report the number of students enrolled in the program and the
number of students completing the program to the Office of Academic Records.
