Policy Statement

It is the policy of The University of Texas at Dallas ("University") to provide oversight and training - or to approve or verify oversight and training - for anyone involved with University-sanctioned programs, activities, camps and events for minors ("PACE for Minors") as defined by Texas Education Code, Chapter 51, Section 51.976 and this policy. This oversight and training - or approval or verification of oversight and training - applies whether the University-sanctioned PACE for Minors activity is operated by a University department or student organization on University premises or at other locations or by an external third-party group whose activity occurs on University premises. Student organizations may sponsor and/or host a PACE for Minors only if the PACE for Minors is held on-campus, does not involve overnight accommodations and the University sponsor for the student organization functions as the PACE Director, is present and actively involved during the entire PACE for Minors event.

The University reserves the right to condition, restrict, or deny access to University facilities by minors at its discretion. All minors, including those participating in a PACE for Minors, will be subject to all University regulations and may be asked to leave the campus or program if unable or unwilling to comply. Participating minors shall never be left unsupervised while in the care of a PACE for Minors program. Individuals not considered a PACE for Minors designated individual as defined by this policy (e.g. parent/guardian) must never have unsupervised access to PACE for Minors participants.

Scope

This policy applies to University employees, students, affiliates, volunteers, contractors and visitors who are designated individuals as defined by this policy and to all PACE for Minors held on University property, as well as University sanctioned PACE for Minors held at other locations.

This policy does not apply to (1) University academic programs in which the only minors participating are students enrolled at the University; (2) University or approved third-party events (e.g. fairs, festivals, athletic events, artistic events) that are open to the general public and people of all age groups, but at which children may be present or participate; (3) University or approved third-party programs or events at which children are expected to be accompanied and supervised at all times by their parent(s), legal guardian(s), teacher or official chaperone; or (4) University programs or events in which the only minors who participate are University employees.

Purpose

The primary purpose of this policy is to promote the safety of minors while participating in a
PACE for Minors covered by the policy. In addition, the policy serves to protect University employees, students, contractors, volunteers, affiliates and visitors from false allegations of abuse and supports compliance with federal and state law as well as University and UT System rules and regulations.
